Explore... walk... cycle... relax... shop... discover it all from the luxury of Wayside Holiday Park, Pickering, North Yorkshire

Your **Static Caravan** setting gives easy access to explore the Yorkshire Coastline from Whitby to Spurn Point, taking in Robin Hoods Bay and Flamborough Head along the way. Whether walking or cycling the North Yorkshire Moors provide stunning views and on a clear day you will be able to look west over to the Yorkshire Dales. Wayside Holiday Park is in the best situation possible, only taking minutes to get to Dalby Forest, with its national cycling routes or to significant destinations such as Rosedale Abbey and historical Nunnington Hall. The market town of Helmsley is half an hour away, an excellent place to while away the hours on market day looking through the stalls and enjoying a coffee.

With the historic walled city of **York** just a short drive to the South West you can visit the magnificent York Minster. Browse through the narrow streets, including The Shambles and take a well-earned rest at Betty's Tearoom, before calling into York's Designer Outlet to pick up a bargain on the way home!

For those wanting to explore slightly further afield, then the little known Yorkshire Wolds with its rolling hills and valleys, quaint villages and hamlets such as Thixendale and fine historic houses such as Sledmere House should not be missed!
